Message from The Executive Director

Please allow me to take a moment of your time as I acknowledge and pay tribute to the nameless and faceless individuals who currently support the Caroline Hospice Home and Foundation through their community groups, organizations, churches, and businesses. Those persons who selflessly work behind the scenes organizing events in an effort to provide financial support, needed supplies, and coordinate home cooked meals for our patients. These are just a few of the acts of kindness that help us facilitate our effort to stretch every penny. "A penny saved is a penny earned".

The Caroline Hospice Foundation is proud of being the only Hospice in the State of Maryland who still provides all services and needed supplies free of charge. Any and all support no matter how small is vital to our mission as we do not receive any medical insurance reimbursement.

There are numerous ways you as an individual can expand your personal growth through humanitarian efforts in your own local community. Volunteering within the Caroline Hospice Home or with patients who would like to remain in their own home substantially takes the burden off of families and significantly reduces the need of paid staff. There are many different opportunities available from offering to run errands, deliver supplies, or simply companion sitting. You may also have your own special talent you could share to enlighten someone's day.

For more information on the services we provide or how you can contribute please call 410-479-3500.

Sincerely,

Autumn Muehlbauer

Caroline Hospice has an Immediate Need for the following:

Volunteers

The Resident's Wing and Community is in need of volunteers willing to help with caring for our Residents. Duties include, but are not limited to: patient sitting, talking and reading with patient, cooking meals, feeding, running errands, laundry, and light housekeeping. We have found that dressing comfortably and wearing non-skid shoes is best. If you are interested in volunteering for this vital position, please contact Heidi Plutschak, Hospice Services Manager at 410-479-3500. Training will be provided.
